

PRESS RELEASE OF 18 JULY 2019

PERROT DUVAL GROUP MULTIPLIED ITS PROFIT BY 3

Automation specialist the Perrot Duval Group (Perrot Duval Holding S.A.) generated sales of 48,3 million CHF for the 2018/19 financial year (ended on 30 April 2019), and a profit after taxes was 1,0 million CHF (0,3 million CHF as at 30 April 2018).

Under the attenuating influence of its Infranor Division, which specialises in the robotisation of machinery and includes the Cybelec Division, a provider of complete solutions in selected niche markets, in particular manufacturers of machinery for sheet-metal bending, the Perrot Duval Group suffered a decrease in sales of nearly 2.5 per cent with sales of 48.3 million CHF compared to 49.5 million CHF as at 30 April 2018.

However, the Füll Division, which specialises in designing and manufacturing fully automated standard and customised dispensing and storage systems for liquids and pastes, substantially improved its profitability and reached a positive result during the 2018/19 financial year.

The company will provide final figures, detailed information on the 2018/19 financial year as well as its comments on current business performance together with the presentation of its balance sheet on 29 August 2019.
